Floodgates of Thanksgiving – AABF

To God be the Glory! Our precious partner, International Ministries, congratulations on the occasion of your 210th anniversary. We are so grateful for the invitation extended to us; this is a great honor to be part of the family experiencing the transformational move of God in times like this.

International Ministries is giving more life to the integral mission mandate of the All Africa Baptist Fellowship (AABF) and this can be likened to the Ministries of our Lord Jesus Christ who during His earthly ministry went about doing good. You have been serving with us by your support in providing scholarships for our denominational leaders, staff members, and missionaries to attend meetings, generously giving to support the infrastructural developments of the All Africa Baptist Fellowship, most especially our office building, committing resources to discipleship and evangelism in Africa and of course, supporting leadership meetings and capacity building in various aspects. You did these directly to AABF as a continental body, but you equally did so through direct engagements with a number of AABF member bodies.

On behalf of the entire AABF currently bringing together 80 National Baptist Families from 35 countries and providing care to several National Baptist Families from 10 additional countries in Africa, we want to say **\*A VERY BIG THANK YOU\*** and we are more grateful for your prayers and timeless encouragements.

As we give thanks, we are also praying that the years ahead of you shall birth global and transformational encounters. There shall be a rain of abundance in your courtyard to do the good works that the Lord has called you to. We remain committed to serving alongside you across the 45 countries and 80 (plus) conventions and unions where we currently have presence on the continent of Africa and seek your prayers as we turn northward in victory with the assurance of seeing souls saved through the redemptive power of God in the 10 remaining countries of Africa where Baptist presence is not yet.

Once again, we say congratulations and Happy anniversary.
