Celebrating 210th Anniversary of International Ministries

Hong Kong Baptist Theological Seminary celebrates with International Ministries for your distinguished servant-leadership in Global Mission. For 210 years, you have practiced and proclaimed the true Love of God among the needy. May the coming century see you continually walking the words of Jesus that the poor are favored in the Kingdom of Heaven and the meek shall inherit the earth.

Hong Kong Baptist Theological Seminary is grateful for the support of International Ministries through the establishment of Rev. Loren and Ruth Noren Scholarship. This scholarship, presented annually at the Seminary's graduation ceremony, gives recognition to students from local Swatow Baptist churches for their academic achievement in school as well as their demonstrable competency and leadership in field ministries. Since 1998 up to present time, 24 graduating students have been awarded the scholarship and these students, at the same time, feel affirmed for their call by God to ministry.

Blessed is the missional work of International Ministries in Hong Kong that all the work done will bear fruit and bring glory to the name of the Lord our God.

Faithfully yours,

Joshua W. T. Cho, Ph.D.

President
