Dear friends at International Ministries

On the occasion of your 210<sup>th</sup> anniversary we send warm greetings and congratulations from the International Baptist Theological Study Centre, Amsterdam. At IBTS we are extremely appreciative of the strong and supportive partnership provided by International Ministries which has made a critical contribution to our mission over the past decades. In your openness to collaborate we have discovered strongly shared convictions about participating in God's mission as well as lasting bonds of friendship and trust.

We pray that in these challenging times that the ministry of International Ministries will continue to bring hope and light in many lives and be transformative for God's kingdom in many places. We look forward to continuing in friendship and partnership.

Peace and blessings from the IBTS community.

Mike
