## **Crazy Thanks!**

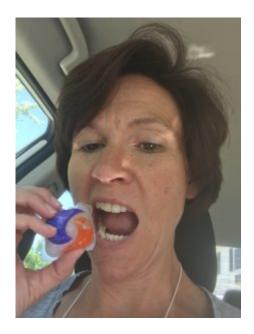

## Thank you!

We can't say it enough-thank you for encouraging us, supporting us financially and with prayer, and for following our work in Hungary, Serbia and beyond. Thank you!

We are back in the States for our summer home assignment AND to attend the World Mission Conference at Green Lake, Wisconsin. We are so excited to hear stories from our missionary colleagues about what they are doing around the world. We also love our own stories about our friends from Hungary and Serbia.

Part of being home is tasting American life again, and I've got to say that I don't understand this Tide Pod trend. I do not think they are very tasty!

No, I didn't really eat a Tide Pod, silly!
