God's Work through Children in the Dominican Republic

MADELINE FLORES-
LÓPEZ

SUPPORT PLEDGED

DOMINICAN REPUBLIC

Caring for children's education is one of my concerns in ministry here in the Dominican Republic. Every time there is an opportunity for education I take it. Teams from US and PR be surprise of me asking for VBS programs during the year...it has a reason...education. The Bible is the best book and the best reference. Kids love the stories and pass them on to friends and family. They become evangelists and living tracks of the Word. Come with me to the DR and see what God is doing!
