

PROJECTS OCTOBER 4, 2017

Haiti - Pigs for Kids

SUPPORT RAISED

HAITI

GOAL

IM seeks to raise \$21,000 to purchase hundreds of pigs for distribution in northern Haiti.

SUMMARY

In Haiti, one of the best ways to combat poverty is through education. However, tuition and school supplies are very lacking when jobs are scarce and family finances even slimmer.

The Haitian Baptist Convention is addressing the problem by providing piglets for children to raise and sell.

DESCRIPTION

The swine flu epidemic had a severe impact in Haiti pork raising, so importing healthy piglets that can thrive in the Haitian climate was a creative solution. Piglet raising, provides a small but reliable source of income. It teaches responsibility in addition to teaching the rewards for hard work. Providing a source of income also provides children an education in families that lack the resources themselves. Your giving will empower more than 400 families by providing an income producing project to pay for their children's education.

SUGGESTED GIFTS

\$50 provides one pig to a child in need

\$250 provides five pigs

\$500 provides ten pigs

PRAYER REQUESTS

Please prayerfully consider brightening the future of a child by funding an education through piglet raising.
