SUMMARY

This project seeks to raise \$8,000 each year to help 100 students with learning needs and disabilities to be prepared for school. The challenges of special needs children are great and even further challenging when families are unable to equip their children with uniforms and books so they can learn.

DESCRIPTION

The barrio of Tijuana is filled with poverty, drugs, gangs and violence. Families struggle to buy the required uniforms and books to send their children to school. There is an even greater barrier of acceptance if they require learning assistance.

Centro Pedagogico Didaque is a Baptist grade school ministry outreach of Mount Horeb Baptist Church in Tijuana, Mexico. Known as the "Special School," they provide a loving Christian environment where children of all abilities can feel safe and learn. For many student, this is the first time they experience acceptance and hope.

Your gift can made a huge difference in providing a child an education and a different future.
