## Thailand – Meals for the New Life Center Foundation

SUPPORT RAISED

THAILAND

### GOAL

This project seeks to raise \$16,722 to provide three meals a day for all the residents of the NLCF in Thailand.

## **SUMMARY**

The purpose of this project is to provide regular daily meals to assist in the healthy development of more than 200 tribal girls and young women who are survivors of or at risk for exploitation.

## **DESCRIPTION**

The New Life Center Foundation (NLCF) works in northern Thailand with tribal girls ages 11-22 who have survived or are at high risk for all kinds of exploitation, including human trafficking, forced labor and sexual abuse.

The healing and development of residents is supported by the provision of safe housing, education, therapeutic services and balanced nutrition.

This project will be managed by Jeni Pedzinski, IM missionary in Thailand.

All of the services offered by BNLCF are valuable, but the most fundamental is caring for and protecting the physical well-being of residents. A safe environment and healthy meals are the bedrock of a young woman's ability to thrive.

## **PRAYER REQUESTS**

Please pray with the Rev. Jeni Pedzinski and the NLCF staff that the young women will be able to recover from their painful experiences and thrive in the loving atmosphere at the New Life Center.
